Vol. I Co. 1431, CCC Green Cove Springs, Fla. August 22, 1935 No. 2

CO. 1431 LOOSES TO CO. 2415, MULBERRY IN DISTRICT PLAY OFF

After revealing considerble strength in winning the Ocala League Pennant with 8 victories and 1 loss, the Co. 1431 baseball club was surprisingly eliminated from further activities in the District Play off. The Mulberry aggregation, a second place club, was representing the Tampa League. The Camp of the winners, Sebring, was moved to Boise, Idaho.

The Mulberry Veterans showed too much fight and determined spirit for the locals, banging out nine safeties for eight runs. Co. 1431 garnered seven safe blows for four runs. After the fourth frame, 1431 never seriously threatened the rampaging "Vets".

CO. 1431 HEADQUARTERS FOR INSPECTOR

Company 1431 has been designated by Headquarters District "F", as headquarters for the newly appointed Sub-district Inspector. Lieut-Colonel John Chrosniak has been appointed Inspector of this District, containing nine camps. The Colonel arrived at his new quarters Aug. 7th and immediately commenced his duties. Colonel Chrosniak will travel from camp to camp in making his monthly inspections and will return

INITIAL DANCE GIVEN FOR MEMBERS

Company 1431 inaugurated its fall and winter social season with an elaborate dance given in its spacious Recreational Hall Friday evening, August 2nd 1935. This was the first of a series of dances, expected to extend through the winter months, to be given by the Company for its members and their friends.

Mingling with members of the Company and its Supervising Personnel were guests from Jacksonville, Green Cove Springs, St. Augustine and Starke. Ice cold punch and delicious cookies were served thruout the evening of dancing. Music for the delightful

The 1431 aggregation performed very raggedly in the field and appeared to be "plate frightened" when at the platter. The local lads have disposed of much stronger teams with comparatively little ease and were predicted to defeat the "Vets" by a decisive margin; however, the "Vets" caught the local Club on an off day and completely routed the hopes of the 1431 Club.

DIRECTIONS FOR MAKING HOME BREW

Five gallons of stale pond water, two tea-spoons of Carbite, five gallons of CCC (Burnt) Syrup, three fresh spring frogs to obtain the kick, to these ingrediants add five CC pills and a half cup of Epsom salts so it will work thoroughly and quickly. Mix these items carefully in a regulation (unwashed) G.I. can with the cleanest mop in the kitchen, if one is available. If "draft" beer is desired, add a handful of CCC red kidney beans.

If the CCC pills are fresh this brew should work off in several hours, if it fails to, consult Doc. Sellers. After it is capped pour a little on the sink to determine its quality; if it eats the enamel off it is considered excellent brew. Should the beer prove to be a failure turn it over to your Moss Sergt. and he'll add a half pound of meat and serve it as stew.

All rights on this concoction reserved, applicants desiring usage consult the editor.

occasion was furnished by "The Music Vendors" from Jacksonville. Members of the Company are anticipating another such dance in the near future. Many thanks to the Commanding Officer for this one.

CONGENIAL CAMP SURGEON ON LEAVE

Captain John M. Smith, the congenial Camp Surgeon, departed Aug. 8th for Ga. and N. Carolina on a 30 day leave granted by Headquarters. Captain Smith has well merited this leave, being on continuous CCC duty for two years. Members of the Company wish him good fortune and a happy vacation.

During Capt. Smith's absence Lt. Y. M. Hyer of Ft. Pulaski, Ga. will occupy the Camp Surgeon's office. The possibilities of gaining quarters and getting out again will be determined by him. Lt. Hyer is welcomed to Co. 1431.

"THE COCK CROWS"

This column is supposed to publish the "Scandal" and "dirt" of the Camp, but it is impossible to obtain the "dirt" without some co-operation from the members. This writer wishes to solicit the services of the "snoopiest" snooper in the Camp and will appoint him "chief-snooper" to "snoop" around and "snoop" up some awful "scandal" for "The Cock Crows".

At our last dance Prescott insisted in aiding the young ladies in alighting from the trucks, when one fat mama, hoisting her sails, sailed out and flatened Prescott upon the street very effectively.

"Pop" Arthur was very conspicuous at the dance, being towed around by a tempting looking blonde from Starke. Wonder if "Pop" 'll try his "Tarzan" antics with her?.

A CCC Boy had a girl.
The Parents always did object
To him paying their daughter
With his kind (?) Respects.

The CCC lad was terribly in love,
And so was his gal, Sue.
So they made some wedding plans,
'Twas the human thing to do.

Sue's Maw arose one fine Morn
And looked in at Sue's bed.
She threw up boths hands,
And screeming said;

"Come here Paw
As fast as you can,
Cause Sue's done eloped
With that CCC man."

Lankenau was earnestly searching the Camp last week for a shotgun. He saw a "stork" soaring around camp and was afraid the bird might venture down his chimney.

The Camp, Fla. P-65, was among the first camps constructed in District "F". Back in the depressed year of 1933, J.C. Penney, owner of the property upon which our camp rests, readily consented to the construction of a C.C.C. Camp upon his property. Co. 1421 was the first to occupy the new camp, being transferred to Sarasota, Fla. after a years occupancy. Then in May, 1935, Co. 1431 was ushered into P-65 with its 1933, delapidated buildings, inadequate housing facilities, leaky tents and a noted absence of needful improvements. It was a marked degradation from the modern conveniences obtainable at "Camp Fleishel" on the Suwannee. This Camp is a 1933 model being operated in 1935 fashion---an old chasis powered by a 1935 motor. .....RWC

It is impossible for the Editor of this publication to be with the members in the woods or to accompany them to and from the work projects, so it is obvious that many interesting items of interest will escape my attention. You members are beseeched to write out such items, occuring in the woods and submit them to me for publication. Contributions are gladly accepted and will be printed.

That is news, and I want it. I am earnestly soliciting your aid, as this paper is an organ for the voicing of your ideas and views.

My bonnie bent over the gas tank,
The height of the contents to see.

Oh, bring back my bonnie to me.

One Bed Bug to another as the spray began to fly: "This is the Last Round Up!"

CCC Boy: "Are you going to let me kiss you, or must I "sock" you first?

MURRAY WELLS TRANSFERRED

Members of the Company regret the loss of one of its most popular members---Murray (Wop) Wells. He was one of the outstanding members of the Company baseball team and was highly respected in the Company. Wells has been transferred to the CCC Sub-depot in Jacksonville. The CCC personnel regrets his leaving, but wish to express their best wishes for a brilliant success.

AN EDITOR'S TRIBULATIONS

Here I sit writing and writing in despair,
My pockets are empty and even my feet are bare.
Just a typewriter, a wee bit of paper and some watery ink,
But my stomach is so empty I can't even think.

I am desolate, forlorn and awfully dry.
The man says my credit is no good--
I just wonder why?
But there is one thing to make me feel gay---
The paltry five rocks I (sometimes) receive on pay day.

I am not a president, nor am I a king,
Cause guys like me weren't made for such things.
I just fight, smoke, flirt, swear and spree,
Which is to say I am only an insignificant C.C.C.

All the mosquitoes in Co. 1431 are Religious Mosquitoes----They "prey" on us.
